

School Name	Award Name: Digital Schools Awards Scotland	Date	
Level: Early Years, Primary and Post Primary			
<p>For each section, please provide a brief description of how the school has progressed in this area since the award was first conferred. For each description, please provide no more than two different forms of evidence that exemplify how the school has either maintained its currency or further enhanced its digital experience of learners.</p>			
<p><i>In what ways has the school further developed its digital leadership and vision since the original DSAS award? (Include how the school views its future direction in digital learning and teaching).</i></p>			
<p><i>In what ways has the classroom experience of learners changed, developed or improved since the DSAS award? (Include where appropriate, classroom practices, assessments and blended learning initiatives).</i></p>			
<p><i>How has CLPL changed and/or contributed to any developments since receiving the DSAS and what impact has that CLPL had?</i></p>			
<p><i>What improvements have been made to resources and infrastructure since the DSAS award was conferred? (include any new hardware or software initiatives, BYOD, privately funded initiatives or network improvements).</i></p>			
<p><i>What (if any) innovation has there been since the school received the DSAS? (E.g., infrastructure, leadership, teaching and learning, CLPL, student digital experience.)</i></p>			
<p><i>What challenges have you faced in digital deployment since the original award and how are you overcoming them?</i></p>			
<p><i>Other information that may enhance your application (Optional). (E.g., Collaboration with other schools, industry-education links, specific leadership of cluster groups or new/enhanced infrastructure. Please outline how it has impacted learning and teaching, assessment and/or any other aspect of school life.</i></p>
